Liberty Pumps

...THE INNOVATIVE PUMP COMPANY

Model SJ10 SumpJet™

Overview

1-1/4" or 1-1/2" Discharge
3/4" NPT Water Inlet Connection (optional hose connector included)
Accepts 20PSI up to 100PSI inlet supply pressure*

The SumpJet™ (Model SJ10) is a water powered back-up sump pump that will protect your basement in the case of a power outage. This unique product is powered by your municipal water supply** and requires no electricity to operate! With a compact high efficiency design, The SumpJet™ removes **2 gallons of sump water per 1 gallon used**. The SumpJet™ is fully automatic, arrives completely assembled, and comes backed with Liberty's standard 2 year warranty.

*The SJ10 pumping performance varies with inlet water source pressure and pumping head. See complete specifications and performance chart for expected flow rates.

**The SJ10 requires an uninterrupted water source to operate.

**Pumps 870 GPH or 14.5 GPM
@ an 8 foot rise & only 50 PSI**

Sku #82138

Installed Price: (if sump pit is on an outside wall and the basement is unfinished in area we need to connect to water supply, no further then 15')

\$725.00 No Tax

*May need a thermal expansion tank (cost of unit w/inst.)

Two (2) Year Limited Warranty

Ed Young's has several other back up systems available.
