**Protect your home from  
unwanted water with Basement  
Watchdog Backup Sump Pumps  
and Water Alarms**

**Unique monitoring  
features and plenty of  
pumping power at an  
economical price**

**Model # BWSP**

SKU : Unit #828-335 / Battery #364-494 / Acid #368-100

- Pumps 1730 GPH @ 10-ft lift to empty the sump pit quickly
- User-friendly control panel lights up with a warning and describes what to do for easy maintenance
- Unique charging circuit limits the current so the battery won't overcharge
- Efficient pump only draws 10-12 amps, so the battery lasts longer

**Monitors battery, power and pump activity and sounds an alarm when it detects the following situations:**

- The battery power is low (recharge or replace the battery)
- The battery fluid level is low (add water to the battery)
- The pump was activated (check the main pump for failure)
- The AC power was interrupted (check the circuit breaker & connections)

Requires Basement [Watchdog 7.5 Hour Standby Sump Pump Battery](#) to operate up to 7.5 hours continuously, runs intermittently for days.

\*If you would like to replace your primary sump pump at the same time – we will charge you the price of the pump only – *no additional labor!*

**\$745.00**

**Installed!**

*No Tax*
